

## **Educational Seminar for Code Officials**

### **Manchester, NH Seminar Foam Plastic Insulation Provisions of The Energy Code and Building Code**

IBC Code Seminar

We are excited to announce that we have secured a location and date for our first ever International Building Code Seminar!

**It will be held Friday April 7th at the:**

**Executive Court Banquet Facility  
1199 S Mammoth RD  
Manchester NH 03109**

There will be a special room rate when you contact the Best Western, so make sure to reference the Building Code Seminar. This will be based of the 2009 Code, but will cover up to the current 2015 as well and any side notes in the states of ME,NH,MA,VT,CT,NY! So it's not just for New Hampshire, it covers all the states mentioned!

We encourage you to invite code officials, energy consultants, and general contractors; basically any authorities having jurisdiction, or anyone who would benefit from understanding spray foam and building codes. Our goal is for you get all your code

questions answered, help bring the code officials up to date, and get both the installer and code official on the same page understanding what is actually required. There is far too much mis-information and confusion and we want to end all of that!

Attending this will also gain continuing education credits.

We have contracted IBC's top recommended instructor Peter Kulcyk (I can't pronounce it either).

To learn more about him check out <http://greencodeknowledge.com/about/>.

The program outline includes a **full day 8am-4pm. Breakfast pastries, coffee, drinks, and a catered lunch will be provided.** As you can imagine we have dedicated a-lot of time and money to be able to offer this to you **at no charge.** However we do need a couple of Mandatory things:

1. We need you to RSVP to **this email** ([jeff@sprayfoamsupply.com](mailto:jeff@sprayfoamsupply.com)) no later than the 24th of March, because we need to have a head count to purchase the appropriate food and supplies. [Register Here](#)
2. Should you reserve a spot and fail to cancel before MARCH 24th we will be forced to charge a fee of \$100 to cover meals, supplies etc. More importantly, we don't want to turn people away who want to attend because we held a spot for someone that didn't show up.
