

Town of Wilton, NH
Job Posting
Part time Building Inspector

Job Summary

The Building Inspector/Code Enforcement Officer job is structured as a part-time position of up to twenty (20) hours per week. The employee provides their own transportation, maintains a record of job-related mileage and is reimbursed for that mileage. The duties of the position include maintaining the Building Department office and being available to the public to answer code related records. The inspector schedules and performs inspection of the projects as needed to assure code compliance and issues Certificates of Occupancy when they are completed. The inspector must possess the office skills, the interpersonal skills and have the knowledge and physical ability to perform these tasks. The inspector is on call to evaluate structures damaged by fire or other calamity to determine if they are fit for use or need to be condemned.
