

NHHBA and NHBOA have officially confirmed two dates for the New Hampshire Home Builders Code Update Meeting.

Please share this information with your members and community members, if possible, post the attached flyers at your permit desks.

These meetings are free to attend and are intended to help builders and contractors understand the upcoming code changes. We would encourage inspectors to attend these meetings so builders have an opportunity to ask questions directly to the inspectors they will be working with as we transition into the new code cycle. This is also a great collaboration opportunity to provide joint training and strengthen communication between inspectors and the building community statewide.

The currently scheduled meetings are as follows:

Bedford Meeting

Wednesday, June 17th

4:00 PM – 6:30 PM

Murphy's Taproom & Carriage House

393 State Route 101

Bedford, NH 03110

Registration Link:

Laconia Meeting

Tuesday, June 30th

4:00 PM – 6:30 PM

Lakes Region Chamber

383 South Main Street

Laconia, NH 03246

Registration Link:

In addition, NHHBA is planning a Keene-area this will be a morning meeting sometime after the Fourth of July.

For the Seacoast region, Matt is working on securing a morning venue in the Portsmouth/Dover area, with a tentative timeframe of mid-July.

Thank you all for helping get the word out and supporting these important code update discussions.
