

# New Hampshire Building Officials Association Education Foundation

The New Hampshire Building Officials Association Education Foundation will be hosting it's First Annual Golf Tournament through our newly formed 501-C3 foundation within the New Hampshire Building Officials Association dedicated towards assisting New Hampshire residents and professionals with financial assistance towards continuing education. Past New Hampshire Building Officials Tournaments have allowed the organization to offer over \$70,000 in financial assistance to students throughout NH. With the formation of the Education Foundation it is our hope to not only continue this tradition but to also increase the awareness of our organization. Please join us on August 20, 2021 for a day filled with fun and excitement as we remember our good friend and fellow building inspector Bill Edney. Your participation in this event through playing or sponsorship will be greatly appreciated and will go a long way to providing an opportunity for individuals to further their education.

**Date: Friday August 20, 2021**

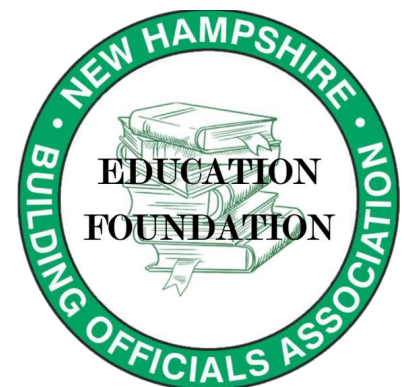

**Location: Stonebridge Country Club**

**Time: 8:30M to 4:00PM**

**Cost \$125.00 per player**
